

You will need to purchase some equipment for the lab part of the class.

You must purchase a Digilent Analog Discovery 2. The standard price is \$279. But, you can get one for Academic pricing of \$179. You can purchase it directly from Digilent, or from Jameco. You can get the academic price either way. The link for Diligent is:

<https://store.digilentinc.com/for-education/academic-pricing/>

Additionally, you will need a multimeter, a breadboard, and an assortment of electronic parts for the labs. I highly recommend that you purchase the package available from Jameco at the following link:

[https://www.jameco.com/z/KIT-UOAECE220-University-of-Arizona-ECE-220-Internet-Lab\\_2286583.html](https://www.jameco.com/z/KIT-UOAECE220-University-of-Arizona-ECE-220-Internet-Lab_2286583.html)

- Kit Page: click “Add to Cart”.
- Shopping Cart Page: Verify kit and click “Checkout.” Click “OK” on popup **Backorder Notification**.
- Checkout Log In Page: Create an account Log In or use Guest Checkout (requires an email address)
- Billing Information Page: Fill in the requested information
- Select Shipping Method Page: Choose “Least Expensive”; in “Offer Code” box enter **U2286583** for \$20 discount.
